

2009-2010 Sunday School

Sunday School is a great opportunity for children ages 3 through 5th grade to learn about God and the Bible through teachers, classmates and activities! We will be using the 'Witness' curriculum again this year as our focus for learning. Witness with its fresh, easy-to-use format, shows learners and leaders how to **learn** from the Bible and **live** the Good News of Jesus Christ.

Please take time to look at how Sunday school will be working the following year and please consider 'witnessing' with your own gifts and abilities by volunteering in some way either in the children's ministry or some other ministry at Trinity.

At A Glance:

When: **Sunday School** will be offered during the 9:15 worship service for ages 3 years to 5th grade. **Nursery** will be offered to children less than 3 years of age. We have a staff person each week starting September 13th along with volunteers. Registration is not necessary but encouraged as we will be having some Bible story and activity time with

those in the nursery.

Cost: There is no cost to signing up however we do encourage each family signing up children to volunteer in some way. The back of the registration form has many opportunities for you to participate.

Register by: As we are putting class lists together, we request that you would please sign up on or before September 13th. Sign up by picking up a packet at the information table or by going onto the Trinity website, filling out a form and returning it to church.

Format: All children begin Sunday school in worship with their family until after the story time (a special word for children). Children will then be dismissed by age to their classroom. During each session of Sunday school, students will be in a classroom type learning environment with students in their own age group.

Sunday School starts September 20th at 9:15 in worship. See you there!

Looking forward to this year of fun and learning,

Kris Bjorke (Interim Director of Children, Youth and Family)

&

The Children's Ministry Team
